

Enbeam 24 Way SC Simplex/LC Duplex Fibre Optic Panel - Empty

Item Code: 200-952

✕ Multimode and Singlemode

✕ Choice of port density

✕ Management and fixing kit included

✕ Upto 24 duplex adapters per patch panel

✕ Port identification numbers

✕ Multiple cable entry to rear

Product overview

The Excel range of SC patch panels are sliding drawer 'tray style' housings suitable for either direct termination or splicing of upto 48 fibres in 1U of rack space. Each panel is manufactured from high quality 2mm thick steel powder coat finish to provide a strong and durable unit. To the front of the patch panel the specified number of duplex adapters are loaded from left to right. Each panel utilises colour coded adapters, beige, aqua and violet for multimode, blue for singlemode and green for SM APC. Each duplex adaptor accommodates two terminated fibres. Each panel has included within it a set of fixing brackets, and a cable management pack which includes cable entry glands, cable ties, and a 24 way splice bridge.

Note that SC panels can be assembled to order using a combination of adapters, pigtailed and splice cassettes - call to enquire.

Product specifications
